The World Review of Political Economy (WRPE) is a quarterly, peer-reviewed title published by Pluto Journals in close association with the Shanghai-based World Association for Political Economy (WAPE). This groundbreaking project is the first of its kind: a pioneering collaboration between Chinese academics and a Western left publisher to produce a serious periodical of Marxist political economy. The WRPE is certain to be the essential forum for dialogue, cooperation, debate, and the sharing of cutting-edge research among the leading scholars in China, the English-speaking world, and beyond. WRPE has been indexed in ESCI (Emerging Sources Citation Index, a new edition of Web of Science™) since December 2015, and in Scopus since June 2018.
