AIMS AND SCOPE

_International Journal of Critical Diversity Studies_ (IJCDS) aims to provide an undisciplinary platform for critical engagement with hierarchies of power that create and sustain privilege and oppression along axes of difference. Areas of interest include the constructions of social locations and positionalities; intersections, co-constructions and co-constitutions of systems of oppression; race; gender; sexuality; dis/ability; class; age etc.; the politics of knowledge production; the politics of being and affect; the politics of history and time; the politics of geography and location; reproduction and resistance; social injustice; reframing differences. This journal will accept original articles (research and theoretical), commentaries and book reviews.
